*about*

## *about*

---

Hello! I'm Lorenzo Tiriticco, a graphic designer focused on **branding**, **information design** and **motion design** with experience across editorial, exhibition and web design.

I've worked for an **agency in Trieste**, Italy, and a **major charity in London**, alongside plenty of freelance projects.

As a designer, I'm drawn to bold colours, motion design, strong typographic choices. I find inspiration in nature and I love to experiment with new tools, trends and visual languages.

My strengths are my **passion for learning**, my creative **problem-solving skills** and my attention to detail.

As a human, I'm passionate about photography, cinema and social issues, as well as exploring alternative forms of self-expression.

I'm also committed to volunteering and supporting causes I believe in and I always look for new ways to contribute helping the world.

I'm always open to collaborations, especially with people who bring fresh perspectives and share a love for creativity and purpose.

Much love and don't hesitate to reach out ↓↓↓
